

PRIVACY POLICY

1. The Controller of personal data is Star Polska Transport Międzynarodowy Sp. z o.o., 56-120 Brzeg Dolny, ul. Sienkiewicza 15, +48 71 700 00 46, info@star-polska.com.pl
2. The data shall be processed for the purposes of the provision of services, including the performance of the agreement and the sale of products, as well as in cases where it is necessary for the fulfilment of the legally justified objectives of the Controller, in particular for the purposes of direct marketing of its own products or services, or for other purposes to which the user gives his/her consent if it is required under applicable regulations. In particular, this may apply to the consent to receive correspondence and commercial information concerning the Controller's own products and services, as well as those of the Controller's partners, transmitted via e-mail and telephone. The data subject has the right to withdraw the consent at any time.
3. The Controller processes the data in compliance with the law, collects them for specified, legitimate purposes and does not subject them to further processing that would be incompatible with these purposes.
4. The Controller shall make every effort to protect the personal data of customers and users against any unauthorised access by third parties and in this respect, it shall apply organisational and technical security measures at an advanced level. The Controller shall not make personal data available to any unauthorised recipients. The Controller may entrust another entity, by means of a written agreement, with processing the personal data on behalf of the Controller.
5. The Controller shall store the data for the period necessary for the performance of the agreement and for the time specified in the applicable legal regulations in this regard, no longer than necessary for the purposes resulting from the legitimate interests pursued by the Controller or by a third party, i.e., among others, for the assertion of claims resulting from the pursued business activity. For the purposes for which the data subject has given his/her consent to the processing of his/her personal data, the data shall be stored until the withdrawal of such consent.
6. The data subject shall have the right to request from the Controller access to the content of his/her personal data, the right to its rectification, erasure or restriction of processing and the right to object to the processing in cases specified by law, as well as the right to the transfer of data. The data subject shall also have the right to lodge a complaint with a supervisory authority.
7. If the data subject has given his/her consent to the processing of his/her personal data for one or more specified purposes, the data subject shall have the right to withdraw the consent at any time without affecting the lawfulness of the processing of such data that was carried out based on his/her consent prior to its withdrawal.
8. The provision of personal data is voluntary, however, if the processing of data is necessary for the performance of an agreement to which the data subject is a party or in order to take action at the request of the data subject prior to entering into an agreement, the provision of specific necessary data is required.
9. The Controller uses various analytical tools, including, but not limited to, Google Adwords and Facebook. The data subject shall have the right to object, at any time, to such processing of his/her personal data.
10. Detailed information on data processing available at <https://star-polska.com.pl/en/rodo-en/> constitutes an integral part of the policy.

11. Cookie Policy

The Controller may use cookies when the user accesses services available through the Controller's website.

Cookies that may be used on the websites of the service are associated exclusively with the browser of a given computer – the user is anonymous (with no indication of the name or surname of the user). This information is saved by the Controller's server on the user's computer and can be read by the Controller's server each time the user's computer is connected.

The cookies provide statistical data about the users' traffic and their use of particular pages from the Controller's website. The Controller may also use cookies to monitor user traffic on the website. The user can, at any time, choose the way cookies are handled online by switching from automatic to individual handling of cookies (user settings). Detailed information in this regard is given by the providers of software handling the Internet zone (browsers), typically in the "Internet options" tab or similar. Disabling by the user the option to accept cookies in their browser, blocking or monitoring them may make it difficult or even impossible to use some of the Controller's services.
